

IN THE SPECIFICATION:

Please replace the paragraph beginning on page 10, line 8 with the following replacement paragraph:

Disclosed in Fig. [[8]] 7 is a flow chart which describes the steps performed by a system which includes the modifications described herein. When an entity wishes to send an e-mail, initially, a connection is established over the data network with the Domino server using a web-browser. As part of the connection to the system, an entry for the entity in the database may be identified and the person or group form accessed in order to retrieve the authorizations which the entity has for using the e-mail system.
